For details of how to claim a non-cash Prize for this Game see the instructions on the back of the Scratchcard. If your non-cash Prize is a free Scratchcard, and you claim directly from Camelot, Camelot reserves the right to offer you a cash alternative (equal to the value of the Scratchcard).

As Prizes are won, the number of Prizes available in each category will reduce. The Game can remain on sale whilst there is at least one unclaimed cash or non-cash top Prize. Once all cash top Prizes and all non-cash top Prizes have been validated, Retailers will be allowed to continue selling those Scratchcards that have already been activated for sale and any unactivated Scratchcard stock will be withdrawn. To find out up-to-date Prize information visit national-lottery.co.uk or call the National Lottery Line on 0845 9 100 000. Calls from a BT line are charged at your calling plan's standard network rate. Mobile and other providers' charges may vary.

### Prize Value in The Game

The total value of Prizes in the initial print run of Scratchcards for the Game represents 61.60% of the total face value of Scratchcards. The overall value of Prizes in the initial print run of Scratchcards for the Game is £11,520,724.

The number of Prizes in the initial print run of Scratchcards for the Game relates to the number of Scratchcards recorded on Camelot's Computer System and formally notified to the Gambling Commission before any Scratchcards are sold. The details in these Procedures will not be revised to take into account any future sale or loss of Scratchcards, future withdrawal of Scratchcards (where those Scratchcards are withdrawn by Camelot without knowledge of whether they are Prize bearing Scratchcards), or additional print run(s) of Scratchcards for the Game. Camelot may print further Scratchcards for this Game. If a further print run of Scratchcards for this Game is made, then, for the Scratchcards produced in that further print run, the overall odds of winning a Prize at each Prize tier level will be, allowing for the tolerance levels as specified in the table above, the same as in the initial print run of Scratchcards for the Game.

### General

In the event of any conflict between these Procedures and any other information issued by Camelot in relation to this Game, these Procedures will take priority.
