

Loaded Lines Game Procedures

Introduction

These are the Game Procedures for LOADED LINES (the "Game"). When the Game is played, the Rules for Scratchcard Games (the "Rules") and these Procedures apply. The Rules can be viewed at Retailers and on the National Lottery website at national-lottery.co.uk.

Any capitalised word or term in these Procedures that has a specific meaning will have the meaning given to it in these Procedures or the Rules (unless the context clearly indicates otherwise).

Game details

Game Name: "LOADED LINES"

Game Number: "Game 1491"

Retail Sales Price: £3 per Scratchcard

There is a 1 in 3.24 overall chance of winning a Prize on each Scratchcard in this Game. There are 25,674,420 Scratchcards in the initial print run of this Game.

How to play and win

The Play Area has four sections. One headed 'YOUR SYMBOLS SCRATCH HERE FIRST' (the "Your Symbols Section"), two Play Grids (the "Play Grids"), each a "Play Grid" and a box labelled 'MULTIPLIER' (the "Multiplier Box").

Each Play Grid is made up of sixteen squares, each square containing one of a variety of Play Symbols. There are sixteen LINES associated with the Play Grids, each containing four squares and identified as 'LINE 1', 'LINE 2', 'LINE 3', 'LINE 4', 'LINE 5', 'LINE 6', 'LINE 7', 'LINE 8', 'LINE 9', 'LINE 10', 'LINE 11', 'LINE 12', 'LINE 13', 'LINE 14', 'LINE 15' and 'LINE 16'. On the right or at the bottom of each LINE is the word 'PRIZE' (the "Prize Box").

To play the Game, first scratch off all of the coating of the Your Symbols Section to reveal eighteen Play Symbols ("Your Symbols"). Then only scratch off the coating of the Play Symbols contained in the Play Grids that match the Your Symbols revealed in the Your Symbols Section.

You will, providing the requirements of the Rules and these Procedures are met, win a Prize if, by scratching the coating of the Play Symbols in the Play Grids that match the Your Symbols contained in the Your Symbols Section, You reveal four Play Symbols which complete a horizontal or vertical LINE in either of the Play Grids (a "Winning Line") (see examples below). The Prize will be equal to the monetary amount of the Prize Symbol shown with its matching Prize Caption under the coating of the Prize Box for that Winning Line.

If You win a Prize, scratch the Multiplier Box:

If You reveal a  'Play Symbol with its matching Play Caption under the coating of the Multiplier Box, the Prize will be equal to the total monetary amount of the Prize Symbol shown with its matching Prize Caption under the coating of the Prize Box for each Winning Line.

If You reveal a  'Play Symbol with its matching Play Caption under the coating of the Multiplier Box, the Prize will be equal to two times the total monetary amount of the Prize Symbol shown with its matching Prize Caption under the coating of the Prize Box for each Winning Line.

If You reveal a  'Play Symbol with its matching Play Caption under the coating of the Multiplier Box, the Prize will be equal to three times the total monetary amount of the Prize Symbol shown with its matching Prize Caption under the coating of the Prize Box for each Winning Line.

If You reveal a  'Play Symbol with its matching Play Caption under the coating of the Multiplier Box, the Prize will be equal to five times the total monetary amount of the Prize Symbol shown with its matching Prize Caption under the coating of the Prize Box for each Winning Line.

If You reveal a  'Play Symbol with its matching Play Caption under the coating of the Multiplier Box, the Prize will be equal to ten times the total monetary amount of the Prize Symbol shown with its matching Prize Caption under the coating of the Prize Box for each Winning Line.

£300,000	£300,000		5	5,134,884	+/- 36.55%

As Prizes are won, the number of Prizes available in each category will reduce. Once the last top Prize has been validated, Retailers will be allowed to continue selling those Scratchcards that have already been activated for sale and any unactivated Scratchcard stock will be withdrawn. To find out up-to-date Prize information visit national-lottery.co.uk or call the National Lottery Line on 0333 234 5050. Calls cost no more than calls to 01 and 02 numbers. If your phone tariff offers inclusive calls to landlines, calls to 03 numbers will be included on the same basis.

Prize Value In the Game

The total value of Prizes in the initial print run of Scratchcards for the Game represents 68.03% of the total face value of Scratchcards. The overall value of Prizes in the initial print run of Scratchcards for the Game is £52,399,958.

The number of Prizes in the initial print run of Scratchcards for the Game relates to the number of Scratchcards recorded on Allwyn's Computer System before any Scratchcards are sold. The details in these Procedures will not be revised to take into account any future sale or loss of Scratchcards, future withdrawal of Scratchcards (where those Scratchcards are withdrawn by Allwyn without knowledge of whether they are Prize bearing Scratchcards), or additional print run(s) of Scratchcards for the Game. Providing a top Prize remains available Allwyn may print further Scratchcards for this Game. If a further print run of Scratchcards for this Game is made, then, for the Scratchcards produced in that further print run, the overall odds of winning a Prize at each Prize tier level will be, allowing for the tolerance levels as specified in the table above, the same as in the initial print run of Scratchcards for the Game.

General

In the event of any conflict between the Rules, the Procedures and any other information issued by Allwyn in relation to this Game, the Rules will take priority followed by the Procedures and then any other information issued by Allwyn.
