

Lucky Numbers Game Procedures

Introduction

These are the Game Procedures for LUCKY NUMBERS (the "Game"). When the Game is played, the Rules for Scratchcard Games (the "Rules") and these Procedures apply. The Rules can be viewed at Retailers and on the National Lottery website at national-lottery.co.uk.

Any word or term in these Procedures that has a specific meaning will have the meaning given to it in these Procedures or the Rules (unless the context clearly indicates otherwise).

Game details

Game Name: "LUCKY NUMBERS"
 Game Number: "Game 1169"
 Retail Sales Price: £3 per Scratchcard

There is a 1 in 3.71 overall chance of winning a Prize on each Scratchcard in this Game. There are 8,136,300 Scratchcards in the initial print run of this Game.

How to play and win

The Play Area is made up of one box labelled YOUR NUMBERS containing eighteen  motifs (the "Your Numbers Section") and nine games labelled GAME 1, GAME 2, GAME 3, GAME 4, GAME 5, GAME 6, GAME 7, GAME 8 and GAME 9 (each a "Game").

Each Game consists of four numbers, a prize box labelled by the word 'PRIZE' (the "Prize Box") and a  motif.

To play, scratch off all of the coating in the Your Numbers Section to reveal eighteen Play Symbols. Then, scratch off the coating only on those Play Symbols in a Game(s) that match the Play Symbols in the Your Numbers Section.

You will, providing the requirements of the Rules and these Procedures are met, win a Prize if you match all four Play Symbols in a Game to any of the Play Symbols in the Your Numbers Section. The Prize will be equal to the amount of the Prize Symbol shown with its matching Prize Caption under the coating of the Prize Box in that Game.

If You win a Prize in a Game, scratch the  motif for that Game to reveal how much your Prize for that Game will be multiplied by.

If You win a Prize and reveal a  Multiplier Symbol with its matching Multiplier Caption under the coating of the  motif in a Game, the Prize will be equal to one times the amount of the Prize Symbol with its matching Prize Caption shown under the coating in the Prize Box for that Game.

If You win a Prize and reveal a  Multiplier Symbol with its matching Multiplier Caption under the coating of the  motif in a Game, the Prize will be equal to two times the amount of the Prize Symbol with its matching Prize Caption shown under the coating in the Prize Box for that Game.

If You win a Prize and reveal a  Multiplier Symbol with its matching Multiplier Caption under the coating of the  motif in a Game, the Prize will be equal to three times the amount of the Prize Symbol with its matching Prize Caption shown under the coating in the Prize Box for that Game.

If You win a Prize and reveal a  Multiplier Symbol with its matching Multiplier Caption under the coating of the  motif in a Game, the Prize will be equal to four times the amount of the Prize Symbol with its matching Prize Caption shown under the coating in the Prize Box for that Game.

If You win a Prize and reveal a  Multiplier Symbol with its matching Multiplier Caption under the coating of the  motif in a Game, the Prize will be equal to five times the amount of the Prize Symbol with its matching Prize Caption shown under the coating in the Prize Box for that Game.

Players can win up to 6 times on a Scratchcard.

As Prizes are won, the number of Prizes available in each category will reduce. Once the last top Prize has been validated, Retailers will be allowed to continue selling those Scratchcards that have already been activated for sale and any unactivated Scratchcard stock will be withdrawn. To find out up-to-date Prize information visit national-lottery.co.uk or call the National Lottery Line on **0333 234 5050**. Calls cost no more than calls to 01 and 02 numbers. If your phone tariff offers inclusive calls to landlines, calls to 03 numbers will be included on the same basis.

Prize Value in The Game

The total value of Prizes in the print run of Scratchcards for the Game represents 67.07% of the total face value of Scratchcards. The overall value of Prizes in the initial print run of Scratchcards for the Game is £16,370,575.

The number of Prizes in the initial print run of Scratchcards for the Game relates to the number of Scratchcards recorded on Camelot's Computer System and formally notified to the Gambling Commission before any Scratchcards are sold. The details in these Procedures will not be revised to take into account any future sale or loss of Scratchcards, or future withdrawal of Scratchcards (where those Scratchcards are withdrawn by Camelot without knowledge of whether they are Prize bearing Scratchcards).

General

In the event of any conflict between these Procedures and any other information issued by Camelot in relation to this Game, these Procedures will take priority.
