### Prize Value in The Game

The total value of Prizes in the initial print run of Scratchcards for the Game represents 70.79% of the total face value of Scratchcards. The overall value of Prizes in the initial print run of Scratchcards for the Game is £43,544,780.00.

The number of Prizes in the initial print run of Scratchcards for the Game relates to the number of Scratchcards recorded on Camelot's Computer System and formally notified to the Gambling Commission before any Scratchcards are sold. The details in these Procedures will not be revised to take into account any future sale or loss of Scratchcards, future withdrawal of Scratchcards (where those Scratchcards are withdrawn by Camelot without knowledge of whether they are Prize bearing Scratchcards), or additional print run(s) of Scratchcards for the Game. Providing a top prize remains available, Camelot may print further Scratchcards for this Game. If a further print run of Scratchcards for this Game is made, then, for the Scratchcards produced in that further print run, the overall odds of winning a Prize at each Prize tier level will be, allowing for the tolerance levels as specified in the table above, the same as in the initial print run of Scratchcards for the Game.

### General

In the event of any conflict between these Procedures and any other information issued by Camelot in relation to this Game, these Procedures will take priority.
