

# Single Double Triple Game Procedures

## Introduction

These are the Game Procedures for SINGLE DOUBLE TRIPLE (the "Game"). When the Game is played, the Rules for Scratchcard Games (the "Rules") and these Procedures apply. The Rules can be viewed at Retailers and on the National Lottery website at [national-lottery.co.uk](http://national-lottery.co.uk).

Any capitalised word or term in these Procedures that has a specific meaning will have the meaning given to it in these Procedures or the Rules (unless the context clearly indicates otherwise).

## Game details

Game Name: "SINGLE DOUBLE TRIPLE"

Game Number: "Game 1466"

Retail Sales Price: £3 per Scratchcard

There is a 1 in 3.30 overall chance of winning a Prize on each Scratchcard in this Game. There are 6,789,240 Scratchcards in the initial print run of this Game.

## How to play and win

The Play Area contains two sections, one labelled 'YOUR NUMBERS' (the "Your Numbers Section") and the other labelled 'WINNING NUMBERS' (the "Winning Numbers Section").

The Winning Numbers Section contains ten  motifs.

The Your Numbers Section contains twelve games labelled as 'GAME 1', 'GAME 2', 'GAME 3', 'GAME 4', 'GAME 5', 'GAME 6', 'GAME 7', 'GAME 8', 'GAME 9', 'GAME 10', 'GAME 11' and 'GAME 12' (each a "GAME", collectively the "GAMES").

Each GAME contains three  motifs and the word 'PRIZE' (the "Prize Box") directly below these three  motifs.

To play the GAMES, first scratch off all of the coating in the Winning Numbers Section and Your Numbers Section. You will, providing the requirements of the Rules and these Procedures are met, win a Prize if You reveal a Play Symbol with its

matching Play Caption under the coating of a  motif in the Winning Numbers Section that matches a Play Symbol

with its matching Play Caption under the coating of a  motif in a GAME within the Your Numbers Section. The Prize will be equal to the monetary amount of the Prize Symbol with its matching Prize Caption under the coating of the Prize Box for that GAME.

If You reveal two Play Symbols with their matching Play Captions under the coating of two  motifs in the Winning

Numbers Section that match two Play Symbols with their matching Play Captions under the coating of two  motifs in the same GAME within the Your Numbers Section, You will, providing the requirements of the Rules and these Procedures are met, win a Prize. The Prize will be equal to DOUBLE the monetary amount of the Prize Symbol with its matching Prize Caption under the coating of the Prize Box for that GAME.

If You reveal three Play Symbols with their matching Play Captions under the coating of three  motifs in the Winning Numbers Section that match three Play Symbols with their matching Play Captions under the coating of three

 motifs in the same GAME within the Your Numbers Section, You will, providing the requirements of the Rules and these Procedures are met, win a Prize. The Prize will be equal to TRIPLE the monetary amount of the Prize Symbol with its matching Prize Caption under the coating of the Prize Box for that GAME.

Players can win up to 12 times on a Scratchcard.

£300,000	£300,000	3	2,263,080	+/- 36.55%

As Prizes are won, the number of Prizes available in each category will reduce. Once the last top Prize has been validated, Retailers will be allowed to continue selling those Scratchcards that have already been activated for sale and any unactivated Scratchcard stock will be withdrawn. To find out up-to-date Prize information visit [national-lottery.co.uk](http://national-lottery.co.uk) or call the National Lottery Line on **0333 234 5050**. Calls cost no more than calls to 01 and 02 numbers. If your phone tariff offers inclusive calls to landlines, calls to 03 numbers will be included on the same basis.

#### Prize Value In the Game

The total value of Prizes in the initial print run of Scratchcards for the Game represents 67.00% of the total face value of Scratchcards. The overall value of Prizes in the initial print run of Scratchcards for the Game is £13,646,020.

The number of Prizes in the initial print run of Scratchcards for the Game relates to the number of Scratchcards recorded on Allwyn's Computer System before any Scratchcards are sold. The details in these Procedures will not be revised to take into account any future sale or loss of Scratchcards, future withdrawal of Scratchcards (where those Scratchcards are withdrawn by Allwyn without knowledge of whether they are Prize bearing Scratchcards), or additional print run(s) of Scratchcards for the Game. Providing a top Prize remains available Allwyn may print further Scratchcards for this Game. If a further print run of Scratchcards for this Game is made, then, for the Scratchcards produced in that further print run, the overall odds of winning a Prize at each Prize tier level will be, allowing for the tolerance levels as specified in the table above, the same as in the initial print run of Scratchcards for the Game.

#### General

In the event of any conflict between the Rules, the Procedures and any other information issued by Allwyn in relation to this Game, the Rules will take priority followed by the Procedures and then any other information issued by Allwyn.
